MUSIC AT THE DAIRY PRESENTS: AN EVENING WITH FYS
JANUARY 10
Colorado’s FYS proudly swum in the deep currents of American music, playing new songs, well-informed of country and bluegrass traditions, but not bound to them. Featuring thoughtful arrangements, strong singing, and musicianship, the band strives to connect to listeners with stories of common struggles and big ideas. While their sound evokes timelessness, it is decidedly contemporary, well-traveled 21st-century sensibility that informs their songwriting.

**DAIRY ARTS CENTER: NOCHE DE PENA FEBRUARY 1**

A peña is a casual and participatory social event centered around live music that celebrates community through music, poetry, prose, and culture.

Peñas have a rich and varied history, and can be quite different from one country to another. In Spain, peñas often celebrate and promote Flamenco culture, while in Peru they tend to focus on what is known as Música Criolla--an array of sub-genres created from the fusion of Spanish, Andean and African cultures, such as huayno, festejo, and marinera. In Chile and Argentina, countries that underwent civic unrest in the 1960s and 1970s, peñas involve music known as Nueva Canción - a genre with roots in Cuba's revolutionary Nueva Trova.
